Abstract

By gaining a study pronouns of great importance from being signs of a certain language in the social sphere, whether speaking or telling or absent, here is the pronouns of the strong connecting factors between the article and here. The pronouns play in Verse unbelievers prominent role, a pivotal role through synthetic formulations involved, as witness the exchange pronoun between speaker and binding on Compositions produced opposite and parallel manner of the non-linguistic elements (primarily) a basic role, because these Verses linked descends position happened to the Prophet (peace be upon him) with the infidels of Mecca, as well as the role of pronouns in textual cohesion among other factors we in the course of research including redundancies and conjunction.
