“The Zionist Media and the Psychological War, against Dawa (preaching) and resistance in Palestine, and how to confront”

Abstract:The research discussed the most important means of the antagonistic its media, and its psychological impact on the preaching Dawa and resistance in Palestine, as considered one of the most prominent challenges that faces the whole nation.

The research aimed at identifying on the most important ingredients of the means and techniques of the Zionist media, the most prominent aspects that form its information material. And putting the best methods to confront and resist it.

The research showed the importance of the Zionist for the Information for the Zionist entity, as considered politically oriented, universally linked. Its an essential part in its comprehensive war which aims to achieve prominence and mastery on others, because of being the most important tool in its directed psychological war.

The research manifested that Dawa (preaching) in palestine is one unit, because Dawa provided the resistance with its ideas, proposals and ethics, it spared afertile material for the divected Information against the enemy, it formed a serum and immunity for it, meanwhile, resistance provided Dawa with support and public congregation, it ended the state of uniqueness on the palestinian domain and formed the practical response on the Zionist media and its psychological war.
